

Level 2: LSSYB

Are you looking to gain a foundational understanding of Lean Six Sigma principles and methodologies? Our Open Enrollment Lean Six Sigma Yellow Belt Course is the perfect place to start!

Our comprehensive course provides you with the knowledge and skills needed to support Lean Six Sigma projects and initiatives within your organization. Led by experienced Lean Six Sigma instructors, our course combines in-depth classroom learning with hands-on exercises, ensuring that you leave with practical skills that you can apply immediately in your work.

Throughout the course, you will learn the fundamental principles of Lean Six Sigma, including the DMAIC process, process mapping, data collection and analysis, and more. You will also gain a basic understanding of statistical process control and learn how to apply Lean Six Sigma tools to improve efficiency and reduce waste.

Our Open Enrollment Lean Six Sigma Yellow Belt Course is perfect for professionals looking to gain a foundational understanding of Lean Six Sigma and support the implementation of continuous improvement initiatives within their organization. With flexible scheduling and affordable pricing, there's never been a better time to take your Lean Six Sigma skills to the next level.

Don't miss out on this opportunity to become a certified Lean Six Sigma Yellow Belt. Enroll in our Open Enrollment course today and take the first step towards becoming a Lean Six Sigma leader in your organization.
